## TACHOGRAPH TESTER TT2010

TT2010 Tachograph Tester for workshops is used to perform installation, verification, inspection and reparation of analogue and digital tachographs, including smart tachographs, in accordance with the requirements of Regulation (EU) No 165/2014 of the European Parliament and of the Council of February 4, 2014.

TT2010 Tester supports mechanical, analogue, digital and smart **tachographs** including DSRC technology.

Stable **cable communication** and **flawless firmware** operation you can rely on.

**No internet connection necessary.** Your customer database is not shared externally.

Equipment is **fully mobile**, portable and provides a reasonable battery mode operating timeline.

**Fix onetime price.** No additional yearly license fees or number of users restrictions.

Kit includes:

- TT2010 Tester for tachographs
- DSRC TRANSCEIVER
- SCR DSRC ADAPTOR
- Tripod with handles for TT2010 DSRC

For more information please contact
